

Our Purpose

As a Grassroots Football Club we understand that the beautiful game is a powerful vehicle in teaching young children and adults key life lessons that can be utilised further as they grow into adulthood.

To achieve this we offer a safe and enjoyable environment allowing the children and adults to develop in line with their own commitment, attitude and abilities.

Here at United Services Portsmouth, ostensibly a military environment, we want to make everyone welcome from players to management, spectators and volunteers. We are an inclusive club and we pride ourselves on promoting within both on the field and off of it. There can be a place for everyone!

Our Values

Trust

Trust runs through to the core of the club. You need to be trustworthy as well as trusting. We must trust each other as together we are stronger.

Commitment

Everyone representing the club should put their heart and soul into everything you do, go the extra mile to succeed.

Respect

Respect yourself, teammates, opponents, coaches and parents. Respect the laws of the game and those that administer them.

Resilience

Through good times and bad, it is expected that players and staff represent the badge with pride. No challenge should be seen as a mountain too tall to be climbed.

Accountability

You have got to be accountable for who you are. Our success is a result of what we do. Take responsibility for your actions.

Inspire

Inspire others around you on and off the pitch. Aspire to be a better you on and off the pitch.

Enjoyment

Without enjoyment football is nothing. Every player, parent and coach should be able to love and enjoy the game in a 'Safe to fail' environment which is a priority at United Services Portsmouth Football Club.

Unity

United Services Portsmouth Football Club is a family which means 'we' is stronger than 'me'. Working as a group and believing in each other brings out the best in us.
